

# Break Apart The Dividend

You will need: Divide & Conquer Game Boards, 9 two-color counters, white boards & markers or journals and pencils

- Select an expression from the game board, and solve it by breaking the dividend into number bonds that are easy to divide.
- Explain your solution to your partner.
  - If they agree, and you are correct and can mark the space.
  - If they disagree, and you are incorrect, then your partner gets the spot!
- The first player with 3 in a row wins!
